Certificate: **63-C-0160**
Site: 003
PARTY ANIMALS INC

Type: ROUTINE INSPECTION
Date: 17-OCT-2022

2.134(a)

Contingency planning.

The facility has not yet developed and documented a detailed contingency plan that addresses emergencies or disasters that could reasonably be anticipated and expected to be detrimental to the health and well-being of the animals. A contingency plan is required to provide for the humane handling, treatment, transportation, housing and care of the animals in the event of an emergency or disaster. The plan should identify the situations triggering the plan, outline the tasks to be carried out, identify a chain of command, and address how the response and recovery will be handled. The facility shall develop and document a detailed contingency plan. Correct by 12/1/22.

3.127(d)

Facilities, outdoor.

The current enclosures housing kangaroo, wallabies and coatimundi are not enclosed by a perimeter fence at least six feet in height and three feet in distance from the primary enclosure fence. A perimeter fence is necessary to keep out unauthorized animals and persons and to act as a secondary containment fence if the animals were to get out. The facility shall build a secondary or perimeter fence for the exotic species owned at least six feet in height and three feet in distance from the primary enclosure. Correct by 7/31/23

This inspection and exit interview were conducted with the licensee.
