Date: 14-SEP-2015

### 2.75(b)(1)

#### RECORDS: DEALERS AND EXHIBITORS.

Currently the records of Animals on Hand is not up to date with two new animals that have been received within the past 2 months. Also, dates and location of disposition for the records of approximately 3 goats, 1 llama and several rabbits have not been updated. There is a form with multiple animals at the facility, however some are no longer present, and others have been added without the dates or 'acquired from' information recorded. The last records kept were from 2014.

Complete and updated records are important for proper management and traceability of the regulated animals.

The licensee must keep and update all records of Acquisition and Disposition of all regulated animals.

To be corrected by: September 20, 2015

Inspection and exit interview conducted with licensee.
