Type: ROUTINE INSPECTION

Date: 10-MAY-2024

---

### 2.40(a)

#### Attending veterinarian and adequate veterinary care (dealers and exhibitors).

An attending veterinarian was not employed under formal arrangements from November 2022 until March 2024. According to the facility Director, the licensee continued to work with veterinarians to provide clinical veterinary care to animals after the AV resigned from that role, but did not have an attending veterinarian overseeing animal health and wellbeing during that time. Exhibitors must employ an attending veterinarian under formal arrangements with appropriate authority to ensure the provision of adequate veterinary care and to oversee the adequacy of other aspects of animal care and use.

At the time of inspection, a part time veterinarian was employed in the role, but no written program of veterinary care under the current attending veterinarian's authority was in place at the facility. To ensure that animals are cared for in accordance with the attending veterinarian's guidance, part-time attending veterinarians must be employed under formal arrangements which include a written program of veterinary care.

In order to ensure the provision of adequate veterinary care, exhibitors shall employ an attending veterinarian under formal arrangements to oversee the adequacy of animal care and use. The formal arrangements shall include a written program of veterinary care and regularly scheduled visits to the premises.

To be corrected by June 10th, 2024.

This inspection and exit interview were conducted with the facility Director and the Attending Veterinarian.
