GAIL HARRIS

Type: ROUTINE INSPECTION

Date: 11-JAN-2016

3.131(d)

SANITATION.

One Bennet Wallaby & 2 Swamp Wallabies were killed by a rattlesnake(s) which were observed on the property. These attacks were on 7/15/15, 12/20/15, & 12/24/15 and occurred in different pens. These snakes are still at large.

These snakes pose a definite risk of harm (and death) for all of the marsupials on the property.

Consult with a professional reptile trapper for a property assessment and plan for trapping these snakes.

Correct by February 15, 2016

The exit interview was conducted with the licensee.
