Waverly, NY 14892

Customer ID: **506442**  
Certificate: **21-R-0248**  
Site: 001  
Clinvet USA LLC

Type: ROUTINE INSPECTION  
Date: 07-AUG-2024

---

### 2.31(d)(1)(ii)

#### **Institutional Animal Care and Use Committee (IACUC).**

Under Protocol CGUS266-CVUS24/505, a standard catch pole is used to restrain dogs for injections. This constitutes a potentially distressful procedure requiring a consideration of alternatives that is not included in the protocol. Failure to include this description compromises the ability of the IACUC to evaluate whether investigators have adequately considered alternatives to all such procedures. Proposals must provide a written narrative description of the methods used to consider these alternatives.

Correct by August 28, 2024, or prior to future use of a catch pole.

This inspection and exit interview were conducted with facility representatives.
