Wishing Star Farm L L C
24024 Hwy 94
Calhan, CO 80808

Customer ID: **330542**
Certificate: **84-C-0152**
Site: 001
Wishing Star Farm L L C

Type: ROUTINE INSPECTION
Date: 28-MAR-2016

2.40(a)(1)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

2.40 (a) (1) There was no written Program of Veterinary Care (PVC) available at the time of inspection. In order to ensure problems of animal health are addressed adequately, there needs to be a written PVC. The written PVC shall include the species being utilized or sold in regulated activities, preventative care, common health problems they may have and how these will be addressed by the licensee and the Attending Veterinarian.

Ensure that the formal arrangement with the Attending Veterinarian includes a detailed written Program of Veterinary Care and is made available for review during the inspection process.

To be corrected by: April 4, 2016

2.75(b)(1)

RECORDS: DEALERS AND EXHIBITORS.

During the inspection there was no records of acquisition (Record of Animals on Hand) available which fully and correctly disclosed the required information for all the animals being utilized in regulated activities. Maintaining current records of animals on hand, including acquired and disposed of, is required in order to be able to accurately track the animals.

Make, keep and maintain records which fully and correctly disclosed the required information regarding acquisition and disposition of all the animals. Ensure that all records of acquisitions and dispositions are available for review during the inspection process.

Inspection Report

3.129(a)

FEEDING.

3.129 (a) Inside the enclosure housing 5 sheep hay is being fed directly on the ground. The feeder was observed lying on the ground with the stand no longer attached. There was fecal material lying on top of the hay and the animals had to walk on the hay to get to the water trough. Feeding on the ground where food becomes contaminated with fecal material increases the risk of infection with intestinal parasites.

Provide food that is wholesome, palatable and free from contamination.

To be corrected by: April 1, 2016

Inspection and exit briefing were conducted with a facility representative.
