Type: ROUTINE INSPECTION
Date: 28-JAN-2015

3.53(c)(2)

PRIMARY ENCLOSURES.

Several rabbits were obtained since the last inspection. Two small lion head rabbits are housed together in a plastic enclosure with a floor space of 1.8 square feet, part of which is occupied with a food bowl. Each rabbit under 4.4 pounds is to be provided a minimum of 1.5 square feet of floor space, so these rabbits need 3 square feet of floor space if they are to be housed together. To be corrected by 2-13-15.
