DOUG & SUE KUHL

Type: RE-LICENSE INSPECTION

Date: 07-MAR-2023

---

### 2.134(a)

#### Contingency planning.

\* The Contingency plan was incomplete. The plan did not address all possible contingents for the facility. An incomplete contingency plan could affect the well-being of the animals.

A completed contingency plan addressing all possible contingents for the facility must be installed, therefore protecting the well-being of the animals.

### 3.8

#### Exercise for dogs.

\* Upon request there was no written exercise plan. This indicates the animals may not be receiving required exercise.

For appropriate exercise and the dogs well-being, a written exercise plan must be developed and available upon request concerning the 11 adult dogs.

### 3.13(a)(3)

#### Veterinary care for dogs.

\* The Program of Veterinary Care did not address vaccinations for contagious and/or deadly diseases and a sampling and treatment of parasites and other pest in accordance with a schedule approved by the Attending Veterinarian. (A.V.) This could affect the health and increase the disease potential for the 11 adult dogs.

## Inspection Report

---

To minimize the disease hazards and for the animals health and well-being, a completed Program of Veterinary Care must be develop by the A.V. addressing the needs of this Section and implemented.

This is a (1st) Re-License Inspection for a Class "A" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within (2 ) more inspection(s) or by (3rd of May-60 days counted from 1st RL Inspection) or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
