Contingency planning.

This facility's contingency plan has not been reviewed since May 14, 2023. Failure to conduct annual contingency plan reviews reduces the capability for disaster response and may impact animal welfare in the event of disasters. The facility must ensure that the contingency plan is reviewed annually and that this review is documented. Additionally, this documentation must be available to APHIS upon request. Correct by June 5, 2025.

This inspection and exit interview were conducted with a facility representative.
