2.1(a) REPEAT

REQUIREMENTS AND APPLICATION.

This facility sold 3 camels on April 2, 2106 at a Class B exotic sale without a USDA license. This is in violation of Section 2.1. Selling of exotic species without a USDA license does not adequately protect those animals covered under the Animal Welfare Act nor allow oversight of those sales including tracking of these animals, which is especially important in the event of a disease outbreak. Facility owner stated that he sold these animals but that he did not own them, he sold them through the sale for another person. This is considered brokering of exotic animals which also requires USDA licensing. No future sales or brokering is permitted without a valid USDA license.

NO REGULATED ACTIVITY MAY BE CONDUCTED UNTIL A USDA LICENSE IS OBTAINED.
