Site: 001  
SEAN KALIN

Type: ROUTINE INSPECTION  
Date: 12-JUL-2024

---

### 2.131(c)(1)

#### Handling of animals.

The facility conducts private tours for the public and allows public swimming interactions with a group of Asian small-clawed otters. In a social media video dated July 4, 2024, an adult otter is shown climbing on top of a member of the public's head, neck and shoulders. There is no sufficient distance and/or barriers between the animals and the public. At the time of inspection, the licensee was shown the social media video and confirmed that it was filmed at the facility and involved a member of the public. Failure to provide sufficient distance or barriers between animals and the public increases the risk of injury to both the animals and the public.

The licensee must ensure that during public exhibition, any animal must be handled so there is minimal risk of harm to the animal and to the public, with sufficient distance and/or barriers between the animals and the general viewing public so as to assure the safety of the animals and the public. To be corrected by July 12, 2024

This inspection and exit interview were conducted with facility representatives.
