### 2.75(a)(2)

#### Records: Dealers and exhibitors.

The facility has not been maintaining a Record of Disposition (APHIS form 7006) forms for dogs that have been routinely sent to another facility for whelping. Incomplete or inaccurate records do not allow for APHIS officials to properly track animal movements and to assess animal welfare. Each dealer shall use Record of Disposition of Dogs and Cats (APHIS Form 7006) to make, keep, and maintain the information required by paragraph (a)(1) of this section. Provided, that if a dealer or exhibitor who uses a computerized recordkeeping system believes that APHIS Form 7006 are unsuitable for him or her to make, keep, and maintain the information required by paragraph (a)(1) of this section, the dealer or exhibitor may request a variance from the requirement to use APHIS Form 7006. The licensee must ensure all required information is fully and correctly documented on an APHIS Form 7006 or by obtaining a variance. Correct by, 07-February-2025.

### 3.1(a)

#### Housing facilities, general.

There are multiple areas of the outdoor dog runs in the facility that require maintenance. The metal tubing connections along the ground that secure the chin-link fence of the dog runs have areas that are completely rusted through. Additionally, the rusted connections create sharp edges and points along the bottom of the fence.

Failure to maintain all surfaces in the housing facility inhibits proper sanitation and can create sharp edges/points that can cause injury to the animals.

The licensee must ensure that all surfaces in the housing facility are constructed in a manner and made of materials that allow them to be readily cleaned and sanitized or removed or replaced when worn or soiled. Correct by, 14-February-2025.

This inspection and exit interview were conducted with the Facility Representative.
