Institute Of Technical Arts L L C  
493 Semoran Blvd  
Casselberry, FL 32707

Customer ID: 331322  
Certificate: 58-R-0157  
Site: 001

INSTITUTE OF TECHNICAL ARTS LLC

Type: ROUTINE INSPECTION  
Date: 16-APR-2014

### 2.31(c)(2)

#### INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

The registrant utilizes, but does not own, hoofstock that are housed at other not-owned off-site locations. The IACUC does not perform site visits to these locations. The IACUC minutes that were reviewed indicated that "all members were given a tour of the facility". There are no written records of what areas or rooms were inspected, if they were in compliance or not, whether these non compliances (if any) were classified as a significant deficiency or a minor deficiency, and a plan and schedule for correction if applicable. There are no check lists or other guidance materials for the IACUC members to use during these site inspections as a basis to determine compliance.

The IACUC members shall visit all animal facilities and study areas every 6 months using title 9, chapter I, subchapter A-Animal Welfare as a basis for that evaluation, and shall develop guidance to its members as to what shall be included in these reviews. A check list might be beneficial to all of the IACUC members to use during these site visits to determine the facility's compliance with the Animal Welfare Act's standards & regulations.

Correct by May 16, 2014

### 3.51(d)

#### FACILITIES, INDOOR.

The rabbit room (which also houses a guinea pig) has a carpeted floor. This floor had scattered hay & feed on it.

Indoor building surfaces shall be constructed so that they are substantially impervious to moisture, be readily sanitized, and shall be kept clean to facilitate the prescribed husbandry practices.

Correct by May 16, 2014

The inspection was conducted with the Director of Education and one of the registrant's veterinarians.

The exit interview was conducted with the Director of Education.
