MORRO BAY MARINE REHABILITATION CENTER

Type: ROUTINE INSPECTION

Date: 05-AUG-2015

2.40(a) REPEAT

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

At the time of the inspection the facility did not as yet have an attending veterinarian and thus no signed program of veterinary care. The facility is in the process of hiring an attending veterinarian.

Animals can become sick or injured and require immediate veterinary care. An attending veterinarian is also required to provide health care checks and husbandry advice. The facility should ensure that a veterinarian with marine mammal experience is employed and available to perform the necessary functions of an attending veterinarian.

Previous correction date: Correct by June 25, 2015.

An exit briefing was conducted with a facility representative.
