2.40(a)(1)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

The licensee has acquired a wallaby and a pair of sugar gliders and they are not listed on the program of veterinary care and there are no recommendations for routine care for these animals.

Each exhibitor shall have an attending veterinarian, in the case of a part-time veterinarian, the formal arrangements shall include written instructions on routine veterinary care and regularly scheduled visits.

Have your veterinarian add any new species added to your collection at the time they are acquired.

To be corrected by November 29, 2016.

3.128

SPACE REQUIREMENTS.

A wallaby was acquired this fall and is being housed in the Vari-kennel that it was purchased in. The wallaby is allowed access to the house twice daily.

Enclosures shall provide sufficient space to allow each animal to make normal postural and social adjustments with adequate freedom of movement.

Build an enclosure or move the wallaby to an enclosure that allows the animal to make normal postural movements and allows freedom of movement.

To be corrected by end of business today.

This inspection and exit interview were conducted with the licensee.
