INC

Type: ATTEMPTED INSPECTION

Date: 20-JUN-2025

2.126(b)

Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 10:30 am on June 20, 2025. Upon arrival at facility the inspector attempted to contact the licensee by phone and left a message. The inspector knocked on the door of the residence and honked the vehicle horn but there was no response. After 30 minutes the inspector called the licensee again and left another message. The inspector stopped at the facility retail store about 1/4 mile down the road and an employee said the licensee had gone into town, so the inspector left the facility. At 11:08 the licensee called and left a message on the inspector's phone saying he was out making deliveries and would not be around. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
