ACCESS AND INSPECTION OF RECORDS AND PROPERTY; SUBMISSION OF ITINERARIES.

The documented Program of Veterinary Care (PVC) could not be located by the licensee during the inspection. A documented PVC is required to be kept available for inspections to ensure proper oversight of animal husbandry and care and also to demonstrate to APHIS officials that a formal agreement between the Attending Veterinarian and the facility exists. Locate and maintain the PVC available for future inspections or work with the Attending Veterinarian to document a new PVC.

Correct by January 18, 2016.

Exit interview conducted with facility representative.
