Lupa Game Farm Inc
545 West Street
Ludlow, MA 01056

Customer ID: **6358**
Certificate: **14-C-0051**
Site: 001
Lupa Game Farm Inc

Type: FOCUSED INSPECTION
Date: 14-SEP-2023

3.137(a)

Primary enclosures used to transport live animals.

Transport enclosures housing a total of 6 Red Fox and 2 Domestic Ferret did not contain projecting rims. A lack of projecting rims on primary transport enclosures can allow for inadequate ventilation in the event that enclosures shift during transport. Correct by 30-September-2023 by ensuring that all primary transport enclosures for subpart F animals must contain projecting rims or other devices on the exterior walls to prevent obstruction of the ventilation.

3.137(e)

Primary enclosures used to transport live animals.

Six Red Fox and two Domestic Ferrets were transported in enclosures that did not have the words "Live Animal" or "Wild Animals" with arrows or other markings indicating the correct upright position of the enclosure clearly marked. A lack of clear markings can inhibit correct handling and cage orientation by first responders in the event of an emergency. The licensee must ensure that on top and on one or more sides are marked with the words "Wild Animals" or "Live Animals" in letters at least 1 inch (2.5 cm) high, with arrows or other markings to indicate the correct upright position of the primary enclosure. Correct by 30-September-2023.

This inspection and exit interview were conducted with the Licensee.

This inspection was conducted in Mount Hope, Ohio.
