The disposition record for 5 domestic goat kids transferred on 07 July 2023 is missing the name and address of the person to whom the animals were sold or given. No disposition record was found for 1 domestic goat kid transferred on 26 July 2023. Failure to report required information on records impedes USDA APHIS officials' ability to carry out their duties. Information required on disposition records includes the name and address of the person to whom an animal was sold or given, the date of sale or disposal of the animal(s), the species of the animal(s), and the number of animals in the shipment.
