Requirements and application

The licensees moved to a new location and failed to notify APHIS Animal Care of the change in address. Upon arriving at the facility, the inspector was notified by the current resident that the licensees had moved.

Failure to notify Animal Care of a change in location can make it difficult to verify regulated activities and ensure the health and well-being of regulated animals.

A licensee shall notify Animal Care no fewer than 90 days before any change in the name, address, management, substantial control or ownership of his business or operation, locations, activities, and number or type of animals.
Correct by: June 21, 2023.

This inspection and exit interview were conducted with the licensee.
