Certificate: **56-A-0144**
Site: 001
Wild Wild Westies

Type: ROUTINE INSPECTION
Date: 30-JAN-2025

2.78(a)

Health certification and identification.

In December 2024, the facility acquired and transported thirteen adult West Highland White Terriers from another state to their facility without the issuance of health certificates by a licensed veterinarian. During the inspection, the licensee confirmed the newly acquired Terriers were purchased with the intent to breed at the facility. Health certificates are important for ensuring that animals are healthy, suitable for travel, and free from signs of disease. Dealers who transport dogs in commerce shall have a health certificate executed and issued by a licensed veterinarian within 10 days of travel to accompany the animals.

Correct by January 31, 2025.

This inspection and exit interview were conducted with the licensee.
