Certificate: **22-C-0145**

Site: 001

Wild Side Enterprises LLC

Type: ROUTINE INSPECTION

Date: 13-FEB-2025

---

### 3.56(a)(1)

#### Sanitation.

The two large rabbit enclosures, which are composed of solid floors, have excessive accumulations of rabbit feces present on the floors. These accumulations appear to be several days worth and it covers a significant amount of the floor space. These enclosures must be cleaned to remove said accumulations and cleaned on a more frequent basis to prevent such large accumulations.

Primary enclosures shall be kept reasonably free of excreta, hair, cobwebs and other debris by periodic cleaning.

TO BE CORRECTED BY: FEBRUARY 19, 2025

### 3.125(a)

#### Facilities, general.

The two chinchilla enclosures each have wooden shelves that have been chewed to the extent where the shelves are in disrepair. These shelves and the damaged edges could cause harm to the chinchillas housed therein. Damaged shelving should be repaired or replaced to protect the chinchillas from injury and to maintain structural strength.

The facility must be constructed of such material and of such strength as appropriate for the animals involved. The indoor and outdoor housing facilities shall be structurally sound and shall be maintained in good repair to protect the animals from injury and to contain the animals.

TO BE CORRECTED BY: FEBRUARY 25, 2025

### 3.131(a)

#### Sanitation.

The damaged shelves and floors on the two chinchilla enclosures have large accumulations of feces present. The accumulations appear to be days worth. Facility must clean these accumulations and removed on a more frequent basis to prevent contamination and such accumulations.

Excreta shall be removed from primary enclosures as often as necessary to prevent contamination of the animals

**Repeat**

**Environment enhancement to promote psychological well-being.**

The documented program of environmental enhancement for birds has still not been completed. This documented plan, to promote the psychological well-being of birds, should be reviewed and approved by the attending veterinarian. Facility must document and follow a bird enrichment plan for the exhibit birds present.

Dealers, exhibitors, and research facilities must develop, document, and follow a species-appropriate plan for environment enhancement adequate to promote the psychological well-being of birds. The plan must be approved by the attending veterinarian and must be in accordance with the regulations in this subpart and with currently accepted professional standards as cited in appropriate professional journals or reference guides.

This inspection and exit briefing were conducted with the licensee.
