Customer ID: **331587**

Certificate: **42-C-0219**

Site: 001

FAIRVIEW ZOOLOGICAL FARM,
INC.

Type: RE-LICENSE INSPECTION

Date: 03-APR-2023

3.127(d)

Facilities, outdoor.

Over 50% of the perimeter fencing surrounding two Bobcat enclosures containing 3 Bobcats is approximately 4 feet high. There are also gaps in this fencing of sufficient size that the Bobcats could easily pass through and similar size animals could enter.

Perimeter fencing around the Bobcat enclosures must be at least 6 feet high and must be constructed so that it protects the animals by restricting animals and unauthorized persons from going through it or under it and having contact with the animals in the enclosures, and so that it can function as a secondary containment system for the animals in the enclosures. It must be of sufficient distance from the outside of the primary enclosure to prevent physical contact between animals inside the enclosure and animals or persons outside the perimeter fence.

This is a 1st Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspection or by June 2, 2023 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.
