Contingency planning.

The facility has not documented a contingency plan. A plan is important to be in place in preparation for unexpected disasters or events, as well a detailed strategy to address the needed handling, treatment, transportation, housing, and care of the animals in the event of an emergency or disaster. The facility shall develop and document an appropriate contingency plan available for review upon USDA inspections.

Correct by November 30, 2022.

This inspection and exit interview were conducted with the authorized person.
