Type: ROUTINE INSPECTION
Date: 09-DEC-2015

3.4(b)(4)

OUTDOOR HOUSING FACILITIES.

The eight plastic shelter structures in the outdoor enclosures that contain seven Huskies and two Shiba Inu dogs do not have any bedding. The ambient temperature at the time of inspection was recorded at 45.5 degrees F by the inspector's Kestrel device. According to the National Weather Service, the low temperature for tonight will be approximately 40 degrees F.

Dogs not provided with clean and dry bedding material during low ambient temperatures can have difficulty maintaining a safe body temperature. The licensee must provide dry bedding when ambient temperatures are below 50 degrees F and additional bedding when temperatures are below 35 degrees F.

To be corrected by: 5:00 p.m. December 10, 2015.

Exit briefing conducted with licensee.
