Borzynskis Farm & Floral Market  
11600 Washington Ave  
Sturtevant, WI 53177

Customer ID: **38522**

Certificate: **35-C-0331**

Site: 001

BORZYNSKIS FARM & FLORAL MARKET

Type: ROUTINE INSPECTION

Date: 16-OCT-2017

### 2.126(a)(2)

#### ACCESS AND INSPECTION OF RECORDS AND PROPERTY; SUBMISSION OF ITINERARIES.

\*\*Required facility records (the program of veterinary care, animal inventory/acquisition records, and records of animal dispositions) were not available for review at the time of inspection. The unavailability of the required records does not allow APHIS Officials to determine: if the records are accurate and complete, that the program of veterinary care is being followed to ensure the health of the animals, or for the proper tracking of the animals housed at the facility.

Maintain all required records at the facility so they are available for review at the time of inspection.

Correct from this date forward

### 3.127(b)

#### FACILITIES, OUTDOOR.

\*\*Three sheep (adult, 2 lambs) were housed in a narrow portion of the larger outdoor enclosure. The section housing sheep measured approximately 10'x25' and was separated by a closed gate from the larger portion of the enclosure, measuring approximately 22'x25'. The closed gate restricted the animal's access to the barn structure located inside the larger area of the enclosure. The sheep had access in the closed off area to several buckets with water, however, two food receptacles were bare with no evidence food had recently been in the containers and one food container had a large hole in the bottom.

\*\*Animals housed outdoors should have access to shelter. Protection from inclement weather should be provided when animals are housed outdoors by allowing access to shelter in order to prevent discomfort to those animals.

Correct by: immediately

Inspection and exit briefing was conducted with facility representatives.

Prepared By: BARKSDALE DAWN, D V M USDA, APHIS, Animal Care
