

Inspection Report

COLLEEN HARLOW
6209 MOCKINGBIRD LN
MIDLOTHIAN, VA 23112

Customer ID: **3872**
Certificate: **52-C-0124**
Site: 002
COLLEEN D HARLOW

Type: ROUTINE INSPECTION
Date: 12-DEC-2023

2.40(a)(1)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

The facility's current Program of Veterinary care does not include veterinary care information regarding birds and the attending veterinarian has not conducted regular visits to the site. The current Program of Veterinary care states a frequency of annual veterinary visits to the facility but according to the facility representative, the attending veterinarian has not been out in over a year. Additionally, the current program addresses the mammals on site but not the birds that are being used for exhibition purposes. Having an up-to-date Program of Veterinary Care and consistent visits from the Attending Veterinarian ensures that the facility knows how to address potential medical concerns and that the Attending Veterinarian is familiar with the property, enclosures, diet, and care of the animals.

Correct by January 31, 2024 by ensuring the Program of Veterinary Care includes all animals at the facility and the attending veterinarian is performing regularly scheduled visits to the premises (at minimum annually).

3.154

Environment enhancement to promote psychological well-being.

The facility does not have an environmental enhancement plan for birds. An environmental enhancement plan must be developed, documented, and approved by the attending veterinarian so as to promote the health and psychological well-being of birds.

Correct by December 31, 2023 by ensuring that a complete, documented plan for environmental enhancement that addresses the required elements, is approved by the attending veterinarian, and is maintained and available for inspection.

This inspection and exit interview were conducted with the facility representative.
