---

The two animals that were in need on veterinary examinations on the last inspection were seen by the attending veterinarian. The ferret was examined by the attending veterinarian and is receiving on going veterinary prescribed treatment. The rabbit "Duke" was also examined by the veterinarian and was also receiving veterinary prescribed treatment but died approx 5 weeks later, and therefore was not inspected on today's inspection.

No non-compliant items identified during this inspection.

This inspection and exit interview were conducted with the licensee. The licensee could not wait for this inspection report to be completed on-site and agreed to have it E mailed to her.
