2.75(b)(1)

RECORDS: DEALERS AND EXHIBITORS.

Every exhibitor shall make, keep, and maintain records or forms which fully and correctly disclose the following information concerning animals other than dogs and cats, purchased or otherwise acquired, owned, held, leased, or otherwise in his or her possession or under his or her control, or which is transported, sold, euthanized, or otherwise disposed of by that dealer or exhibitor. The records shall include any offspring born of any animal while in his or her possession or under his or her control.

The record of inventory and the disposition and acquisition need to be made and kept current to reflect the animals at the facility.

Correct by: 08-28-14.

2.131(c)(1)

HANDLING OF ANIMALS.

During public exhibition, any animal must be handled so there is minimal risk of harm to the animal and to the public, with sufficient distance and/or barriers between the animal and the general viewing public so as to assure the safety of animals and the public.

A member of the public was bitten by the male marmoset. The animal keeper allowed the person to enter the marmoset enclosure with him to take photographs. Proper distance or barriers must be in place or the animal kept under the control of an experienced handler.

Correct from this day forward.

An exit briefing was conducted with the facility owner.
