Type: ROUTINE INSPECTION
Date: 03-OCT-2024

2.134(a)

Contingency planning.

At the time of the inspection, the licensee did not have a documented contingency plan for the facility. If an emergency or natural disaster were to occur at the facility, the lack of a written contingency plan could impact animal health if the staff are not prepared to respond to the situation appropriately. Exhibitors must develop, document, and follow an appropriate contingency plan in the event of an emergency or disaster.
