Requirements and application

Upon arrival to the facility, it was noted that the farm buildings were empty and no animals were present on the property. The home was also empty. In speaking with an individual working on the home, he indicated that he did not know when the owners left the property. The Aphis official contacted the licensee via phone call and left a message. The licensees failed to notify Animal Care of a change of address no fewer than 90 days nor did they obtain a new license before this change of location.

A licensee shall notify Animal Care no fewer than 90 days and obtain a new license before any change in the name, address, management, substantial control or ownership of his business or operation, locations, activities, and number or type of animals described in paragraph (b)(2) of this section. Any person who is subject to the regulations and who intends to exhibit any animal at any location other than the person's approved site must provide that information on their application form in accordance with paragraph (a) of this section and submit written itineraries in accordance with § 2.126.

TO BE CORRECTED BY: FROM THIS DAY (3-14-23) FORWARD.

This inspection and exit briefing were conducted with the licensee via voicemail.
