Attending veterinarian and adequate veterinary care (dealers and exhibitors).

The written program of veterinary care and regularly scheduled visits to the premises of the dealer was not available for inspection. The licensee did not have the documentation in his possession and stated that he was overdue for the veterinarian's site visit. (a)(1) Each dealer and exhibitor shall employ an attending veterinarian under formal arrangements. In the case of a part-time attending veterinarian or consultant arrangements, the formal arrangements shall include a written program of veterinary care and regularly scheduled visits to the premises of the dealer.

Facilities, general.

At time of this inspection the lighting was unavailable. This needs to be addressed to allow proper inspection/observation of the animals and their enclosures as well as to aid in the cleaning and feeding of the rabbits. Reliable and adequate electric power, if required to comply with other provisions of this subpart must be available.

Feeding.

Several of the feed bowls and self feeders contained caking feed. These need to be cleaned out and sanitized. Fresh feed needs to be provided. If self feeders are used for the feeding of dry feed, measures must be taken to prevent molding, deterioration or caking of the feed.
