### 2.31(c)(3)

#### **Institutional Animal Care and Use Committee (IACUC).**

The IACUC conducted semi-annual program review and facility inspections in March 2023. A report of the IACUC's evaluations was submitted to the Institutional Official on March 3rd, 2023, but was not signed by a majority of the committee members. In order to ensure the committee has the opportunity to review the report and ensure minority views are represented, the report must be signed by a majority of the IACUC members.

The facility implemented corrective actions at the time of inspection to have the March report reviewed and signed by the committee for resubmission to the Institutional Official. To remain corrected after June 2nd, 2023.

This inspection and exit interview were conducted with facility representatives.
