Requirements and application

At the Best of Tooele County & Business Expo at the Benson Grist Mill, Stansbury Park, UT, "Otters and Others" were observed to be exhibiting one fox on a leash, one bison calf in a pen, and one goat, one donkey and one horse in another pen along with a table of information advertising the business at approximately 5 pm on Sept. 11, 2024. The event had been advertised on the Otters and Others website. The facility had received a letter dated July 19th, 2024, stating they needed to be licensed, and application provided. A letter dated August 1st, 2024, had been sent notifying the facility that the license for "Once Upon a Time" had been cancelled and that a new application for "Otters and Others" needed to be submitted and stating that no regulated business can be conducted without a valid license. An email to the facility on Sept 10, 2024, confirmed to the facility that no application has yet to be received and resent the application link. No new application has been received by Animal Care as of Sept 11, 2024.

Conducting regulated activity without a USDA license does not comply with the Animal Welfare Act or ensure that APHIS officials can assess the care of the animals.

The facility must apply for licensure and obtain a license from the USDA to continue conducting regulated activity under the Animal Welfare Act. Continuing to conduct regulated activity without a license is a serious violation of the Animal Welfare Act.

This inspection and exit interview were conducted with facility representative.
