Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 12:55pm on April 2, 2025. The inspector attempted to contact the licensee by phone (left a voicemail message) and in person, and through an individual at the premises that was able to reach her by phone but was not authorized by the licensee to serve as a representative during an inspection. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
