Repeat

Institutional Animal Care and Use Committee (IACUC).

During the review of the most recent Semi-annual Report submitted to the Institutional Official (IO) dated 10/18/23, it was noted that the report was not signed by a majority of the IACUC members.

Per this Section, one of the functions of the IACUC is to prepare reports of the Committee's semi-annual evaluations of the program for animal use and its inspection of the facilities. The reports shall be reviewed and signed by a majority of the IACUC members prior to being submitted to the IO. This process ensures that all members of the IACUC Committee have an opportunity to review the report and to include any minority views to ensure that the IO is kept informed and provided with accurate information on the status of both the animal use program and the research facilities.

This inspection and exit briefing were conducted with facility representatives.
