---

### 2.40(b)(3) REPEAT

#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

The Attending Veterinarian (AV) has not been to the facility to inspect the animals since last inspection..  
The older brown llama that had a baby has gain some weight since last observed by me. The front teeth are long which may make it difficult for her to eat.  
In order to comply with this section of the AWA regulations, daily observation of all animals to assess their health and well-being; Provided, however, That daily observation of animals may be accomplished by someone other than the attending veterinarian; and Provided, further, That a mechanism of direct and frequent communication is required so that timely and accurate information on problems of animal health, behavior, and well-being is conveyed to the attending veterinarian.

### 2.126(a)(2) REPEAT

#### ACCESS AND INSPECTION OF RECORDS AND PROPERTY; SUBMISSION OF ITINERARIES.

Records and PVC was not available for inspection.  
In order to comply with this section of the regulation exhibitors shall have records required by AWA available for inspection during normal business hours.

### 3.129(a) REPEAT

#### FEEDING.

The feed bags in the storage area had tools on top of them and there were other tools and construction material around the feed storage area.  
The food shall be wholesome, palatable, and free from contamination and of sufficient quantity and nutritive value to maintain all animals in good health.  
The diet shall be prepared with consideration for the age, species, condition, size, and type of the animal and the designated area for feed storage has to be free of tools and construction material.
