2.126(c)(1)(iii)

Access and inspection of records and property; submission of itineraries.

The licensee sent a written itinerary for an exhibit at the Minnesota Renaissance Festival located in Shakopee, MN to the Deputy Administrator on August 4, 2024. The itinerary submitted described the travel route to Shakopee, MN for two camels and three African elephants, Paige, Genie, and Krissy. The itinerary submitted did not include the dates the animals will be exhibited at the festival, nor the duration of their stay in Shakopee, MN, nor subsequent travel and/or locations after their stay in Shakopee, MN, other than the licensee's home site.

The licensee must submit a written itinerary to the Deputy Administrator when exhibiting any animal longer than overnight at any location other than the approved home site. The itinerary shall include all information required in this section, but not limited to, the names, dates, and locations (with addresses) where the animals will travel, be housed, and be exhibited, including all anticipated dates and locations (with addresses) for any stops and layovers that allow or require removal of the animals from the transport enclosures.

Include all required information on itineraries for overnight travel. Failure to provide and update itinerary information results in the Department's inability to conduct an inspection to ensure the welfare of the animals covered under the Animal Welfare Act.
