2.126(b)

Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 10:20 am on June 10, 2025. The inspector attempted to contact the licensee by knocking on the door of the residence and kennel and honking the vehicle horn. Not finding anyone, a call was made to the licensee and a message left. The inspector waited 30 minutes before leaving the facility. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
