2.1(a)(1)

Requirements and application.

The facility is conducting regulated activity with out a valid USDA license. Facility Representatives confirmed that the auction had conducted regulated activity as recently as 14-June-2024. The facility has brokered regulated animals during a weekly online auction. The regulated species that were brokered are sugar gliders, hedgehogs, fox, coyote, opossums, and skunk.

Operating without a valid license impedes the ability of APHIS officials to ensure adequate welfare for the animals in the facility. No person shall operate as a dealer, exhibitor, or operator of an auction sale, without a valid license.

No regulated activity, to include the exhibition or sale of regulated animals, can be conducted until a USDA license has been obtained.
