Environment enhancement to promote psychological well-being.

This facility has a variety of small birds available for sale. A written environment enhancement plan is not currently in place. These birds must be provided with environment enhancement to enrich their housing environments and to promote their psychological well-being. The written plan should be reviewed and approved by the attending veterinarian.

Dealers, exhibitors, and research facilities must develop, document, and follow a species-appropriate plan for environment enhancement adequate to promote the psychological well-being of birds. The plan must be approved by the attending veterinarian and must be in accordance with the regulations in this subpart and with currently accepted professional standards as cited in appropriate professional journals or reference guides.

TO BE CORRECTED BY: NOVEMBER 27, 2023

3.158(c)

Cleaning, sanitization, housekeeping, and pest control.

In the bird and reptile room, there is one drop ceiling tile missing in the right, rear corner of the ceiling. This missing tile is leaving the ceiling of this room in disrepair.

The ceiling tile should be replaced to ensure that the ceiling is in good repair.

Premises where housing facilities are located, including buildings, surrounding grounds, and exhibit areas, must be kept clean and in good repair in order to protect the birds from injury and disease, to facilitate the husbandry practices required in this subpart, and to reduce or eliminate breeding and living areas for rodents, pests, and vermin.

TO BE CORRECTED BY: NOVEMBER 10, 2023

This inspection and exit briefing were conducted with the licensee.
