Connie Waters  
819 Redwood Dr  
Church Hill, TN 37645

Customer ID: **43772**  
Certificate: **63-B-0184**  
Site: 001  
CONNIE WATERS

Type: ROUTINE INSPECTION  
Date: 28-APR-2015

### 2.40(b)(2) REPEAT

#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

One female adult marmoset was noted to be missing hair on its tail. The hairs on the upper 1 ½ inches near the base of the tail and the hairs on the lower half of the tail appeared short and broken off/barbered. Hairloss can be a sign of a medical issue or a physiological/stress issue. The facility needs to have a veterinarian evaluate the marmoset to determine a cause and treatment plan for the hair loss.

### 2.40(b)(3)

#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

One female adult marmoset was noted to be missing hair on its tail. The owner stated that she was aware of the hairloss but had not contacted a veterinarian yet. The facility needs to have a mechanism in place for direct communication with the veterinarian so that timely and accurate information on problems of animal health, behavior and well-being is conveyed to the attending veterinarian to ensure the health and well-being of all the animals. Correct from this day forward.

Exit conducted with K. Campbell ACI, S. Brunkhorst, VMO and owner.

#### Additional Inspectors

Brunkhorst Susanne, Veterinary Medical Officer
