Certificate: **23-C-0060**
Site: 001
KATHY REIFSNYDER

Type: ROUTINE INSPECTION
Date: 29-DEC-2021

3.58(a)

Classification and separation.

Two of the rabbits share a primary enclosure with the Patagonian Cavy.

Rabbits cannot be housed in the same primary enclosure with any other species of animal. Co-housing rabbits with other species can lead to stress and can increase the risk for the spread of disease. Correct by separating the rabbits from the Patagonian Cavy.

Correct by: Jan. 14, 2022

This inspection and exit interview were conducted with the licensee.
