2.1(a)(1)

Requirements and application.

The facility is conducting regulated activity with out a valid USDA license in the form of public exhibition. Facility Representatives confirmed that exhibition had been conducted as recently as 09-June-2024. The exhibition being performed are guided tours of the facility and animal encounters. There are approximately 57 animals at the facility that would require a USDA license to exhibit including two giraffes, 6 benet's wallabies, one zebra, one African Crested Porcupine, 8 domestic cows and 39 goats.

Operating without a valid license impedes the ability of APHIS officials to ensure adequate welfare for the animals in the facility. No person shall operate as a dealer, exhibitor, or operator of an auction sale, without a valid license.

No regulated activity, to include the exhibition or sale of regulated animals, can be conducted until a USDA license has been obtained.

This inspection and exit interview were conducted with the Facility Representative.
