Town Of North Attleborough  
43 S Washington St, Parks Department  
North Attleboro, MA 02760

Customer ID: 1992  
Certificate: 14-C-0136  
Site: 001

TOWN OF NORTH ATTLEBOROUGH

Type: ROUTINE INSPECTION  
Date: 26-AUG-2015

### 3.31(c)

#### SANITATION.

Pest control.

1. There was an excessive number of common house flies noted inside the guinea pigs' primary enclosure and several times the inspector observed the animals move whenever one of the flies landed on or near them. This item affected 3 guinea pigs.

Per this Section of the Regulations, an effective program for the control of insects should be established and maintained. This is important for the health and well-being of the guinea pigs because insects can carry diseases and cause distress to the guinea pigs as well as contaminate and affect the palatability of their feed.

The licensee needs to improve the current pest control practices to minimize the number of flies for the health and well-being of the guinea pigs.

Correct by 9/1/15.

NOTE - Exit interview held 8/26/15 on-site with facility representative. Report delivered by e-mail 8/27/15.
