REPEAT

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

Two dogs (microchip #'s 044-010-078 and 102-287-298) were not taken to the Veterinarian for dental problems as directed in the previous report on 4-27-15. One dog was transferred to another person on 5-30-15 and the other dog was transferred on 8-29-15. Neither dog had been seen by the Attending Veterinarian prior to the transfer.

When unaddressed, dental problems can be painful and cause general health problems in affected animals. To ensure proper veterinary care of animals; medical problems including dental problems must be communicated to and evaluated by the Attending Veterinarian.

This was a focused inspection to address non compliances listed in April 27, 2015 report.

Exit interview conducted with facility representative by ACI Kevin Wilken.
