Type: RE-LICENSE INSPECTION
Date: 13-MAR-2024

2.75(b)(1)

Records: Dealers and exhibitors.

The inventory of animals on hand did not include all animals viewed on the inspection. Facilities must make, keep and maintain records of all animals owned and held in their possession. The facility must ensure the inventory is kept up to date.

3.128

Space requirements.

6 sugar gliders were housed in a small bird cage (@ 24 x 30 inches) that did not provide adequate room to perform normal gliding behavior, with a single fleece resting pouch for all animals. Inadequate space to perform natural, species appropriate behaviors may result in stress, poor condition, debilitation or abnormal behavior. The facility must ensure that the enclosure provides sufficient space to perform normal behaviors with adequate freedom of movement.

This is a 1st Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspection(s) or by May 13, 2024 (60 days counted from 1st RL Inspection) or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
