SANITATION.

In a food preparation room, there is a moderate amount of clutter on the counter top. The presence of clutter may impede the cleaning and sanitizing as required. Two cutting boards used in food preparation appeared worn and should be replaced. Food preparation rooms, including cutting boards, counter tops and utensils, should be kept clean and sanitized to facilitate the husbandry practices as required.

To be corrected by July 15, 2014.

Note: The other activities are currently under review.

An exit briefing was conducted with facility representatives.
