FORT MADISON, IA 52627

Customer ID: **508123**
Certificate: **Open Application**
Site: 001
CURT KOKJOHN

Type: RE-LICENSE INSPECTION
Date: 17-AUG-2021

2.75(a)(1)(vi)

Records: Dealers and exhibitors.

The cage cards for the puppies are incomplete. The official identification number for approximately forty-eight puppies is missing. Official identification numbers are necessary for APHIS officials to identify animals and to track their movements.

Each dealer shall make, keep, and maintain records or forms which includes an official identification number for each puppy. The facility must add the official identification number for each puppy to the cage cards and ensure that each cage card contains all the required information.

3.1(e)

Housing facilities, general.

Wood shavings are used in the dog enclosures to absorb waste. An open bag of wood shavings is located near the outdoor dog runs. Open bags of shavings could be contaminated by pests such as flies and mice.

All open supplies of food and bedding must be kept in leakproof containers with tightly fitting lids to prevent contamination and spoilage. The facility must place the open shavings into a container with a tightly fitted lid and ensure that all open supplies are properly stored at all times.

Inspection Report

This is a 1st Re-License Inspection for a Class "A" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspection or by 16-October-2021 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
