2.31(c)(3) REPEAT

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

IACUC functions.

1. The IACUC has not updated their reports to the Institutional Official (IO) at least once every six months as required per this Section of the Regulations. The last semi-annual report prepared by the IACUC and submitted to the IO was dated 10/23/13 and pertained to the IACUC's February 2013 semi-annual reviews of the Program for Animal Care and Animal Facility Inspection.

Although the IACUC has completed the semi-annual reviews of the Program for Animal Care and Animal Facility Inspection in August 2013 and March 2014, as of the 5/15/14 inspection, the 10/23/13 semi-annual report to the IO still had not been updated by the IACUC. 7 months have elapsed since the IACUC prepared and updated their semi-annual report to the IO.

Per this Section of the Regulations, reports of the IACUC evaluations of the program for humane care and use of animals and the inspection of the animal facilities should be updated at least once every 6 months upon completion of the required semi-annual evaluations and the report should be submitted to the Institutional Official of the research facility.

Compliance with the requirements outlined in this Section is important to ensure the Institutional Official is aware of and updated regarding the status of the animal use program and the condition of the animal facilities to ensure that the facility is adhering to the standards and regulations specified under the Act.

NOTE This was a FOCUSED inspection based on the non-compliant item identified at the time of the last inspection conducted on 3/18/14. Exit interview held 5/15/14 on-site with facility representative. Report delivered by e-mail 5/19/14.
